In accordance with the above-mentioned Regulations, the responsibility for conducting admissions rests exclusively with the **admitting universities designated by the respective Provincial Governments**. All admissions must be made strictly through the prescribed centralized admission process and in full conformity with the Regulations.

The Regulations further require admitting universities to ensure that admissions are conducted in the prescribed sequence and within the regulatory framework established by PM&DC as under:

Public Medical Colleges	31 st December each year
Private Medical Colleges	31 st January each year
Public Dental Colleges	15 th February each year
Private Dental Colleges	28 th February each year

Further that **students admitted in contravention of the PM&DC Medical and Dental Undergraduate Education Regulations 2025 shall not be registered with PM&DC**, and the responsibility for such non-compliance shall rest with the concerned admitting university and institution.
